## Help Hinesburg Trails

BY LENORE BUDD

Do you enjoy exploring the many trails of the Hinesburg Area Recreation Trail (HART) network? If so, the Hinesburg Trails Committee could use your help in sprucing up the trails after a long winter and muddy spring. On National Trails Day, Saturday, June 7, committee members will lead volunteers in a "spring cleaning" of the trails - removing downed branches and trees and pruning back overhanging live branches.

Meet at 9:00 a.m. in the parking area behind the Town Offices to divide into teams - one for the Russell Farm trails

and one for the Geprag's Park trails. We'll work until around noon. All ages, and well-behaved dogs, are welcome. No experience is necessary. Please wear sturdy boots, work gloves, long pants, and a hat. Bring water and a snack and your favorite folding saw or pair of loppers. We'll have some extra tools to share if you don't have your own. With a good turnout we'll get the trails in ship shape and have fun in the process. To RSVP (encouraged) or for more information, please email me at [buddfamily@gmavt.net](mailto:buddfamily@gmavt.net).

One trail use that is growing in popularity in Hinesburg is Storywalk®. Thanks to Hinesburg's Friends of Families

Program, Annette's Preschool, and the Hinesburg Nursery School the beautifully illustrated children's book, "Mole Music," by David McPhail was displayed page by page on posts along the Russell Trail System's Overlook Loop during the last two weeks of April. With Storywalk, following the plot requires following the trail so this is a great way for families to get young children excited about books and exploring the outdoors.

If you want to explore the trails we recommend downloading the appropriate trail map from the Town of Hinesburg website - [hinesburg.org/hart.html](http://hinesburg.org/hart.html) - before you head out for your "adventure close to home."

The recent installation of StoryWalk on the Russell Trails featured David McPhail's delightful picture book, "Mole Music."

A few hours spent clearing trails is very satisfying work on a sunny spring day.

## Rural Mail Carrier Paul Hanson Retires

BY JEAN ISHAM, HBPA

Friends and colleagues gathered on April 27 to honor Paul Hanson on his retirement from the United States Postal Service. Paul began his service as a rural mail carrier on December 29, 1979, substituting for then long-time carrier, Lawrence Riggs. He served as a substitute for the next few years, the last year of which was full-time. Paul said that when he graduated

from college with a physical education teaching degree there was a large influx of teachers for the number of jobs available. His uncle worked as a postal carrier and that seemed like a way to make some money until he found a full-time job. Fortunately, from Paul's point of view, that job became full time and now, some 35 years later, he has retired.

At the start of his career, Paul worked out of the Charlotte Road location. Eventually that building was sold and the Post Office moved to Commerce Street. When it outgrew that space, the building was sold and moved off site, the Post Office used temporary quarters at the Village Center during construction of a new, and the current, facility at the Commerce Street location.

At the time Paul began his career there was one rural route with a little over 500 mailboxes. Today there are three routes, with 475 mailboxes on Route

## Flexible Pathways

### An Important Initiative Intended to Improve Outcomes for All Learners

BY THE CVU COMMUNICATIONS COMMITTEE

In June of 2013, Governor Shumlin signed the Flexible Pathways Bill, or Act 77, putting into place the expansion of the state's dual enrollment program, early college programs, and increased access to extended learning opportunities for all students. Additionally, this bill initiates the implementation of statewide Personalized Learning Plans (PLPs) for all students.

The Flexible Pathways Bill is intended to:

- Increase rates of graduation and post-secondary education across the state

# Letters

## Letter Policy

*The Hinesburg Record welcomes letters from local residents and from others who are involved in issues that affect our town. The opinions expressed in the Letters to the Editor are those of the writers.*

*All letters must be signed. Addresses and phone numbers must also be provided for verification purposes. Addresses and phone numbers will not be published.*

*Letters should be brief. We do not have precise guidelines for length but reserve the right to edit based on available space. To the extent possible, letters should focus on local issues. Other forums exist for discussions of statewide, national and international issues.*

*With these cautions, please keep these letters rolling in. Send them via email to therecord@gmavt.net, mail them to The Hinesburg Record, P.O. Box 304 or to 327 Charlotte Road, Hinesburg, VT 05461, or deliver them to the Record drop box on Charlotte Road.*

## Responsible Growth Hinesburg on the Hannaford Application

Many people have been asking what's happening with the Hannaford application. Here's an update: Responsible Growth Hinesburg's take on the facts and a few issues:

It's still true that the building of a new Hannaford and the closing of Lantman's are by no means inevitable. Though they are a Lantman's supplier, Hannaford does not now own Lantman's and will not own the business unless and until a new store is built, and then still would not own the Busiers' building. Many steps remain for Hannaford.

For one, Hannaford has applied to the District 4 Commission for an Act 250 permit. No decision has yet been rendered, nor can it be until a connection to Hinesburg's water system is available. As you may have heard, the Town of Hinesburg is currently unable to provide that. A new town well is being dug, but it may be over a year before new hook-ups to town water are possible.

Hannaford is currently back before the Development Review Board (DRB) seeking approval to add a small parcel to the west of Lot 15 as a site for a farmer's market. Hannaford also needs approval for a plan to relocate the entrance to Firehouse Plaza. In both cases, they're looking to fulfill conditions imposed by the DRB in the initial November 2012 approval. There will be new DRB decisions on the current issues (perhaps in May). These applications would require departures from some of the protective standards found in Hinesburg's current zoning regulations, and the DRB has asked some tough questions of Hannaford's lawyers and experts about why the DRB can or should go down that path.

One decision has recently been made:

—Catherine Goldsmith

# Commentary

## Don't Be a "Hooker"

BY CATHY RYAN

In transportation safety parlance, a "right hook" (also called a "parallel path crash") is when a motorist makes a right-hand turn across the path of a cyclist. The cyclist, to the the right of the car and traveling in the same direction, suddenly finds their path blocked and may not be able to stop in time to avoid a collision.

According to the Federal Highway Administration, right hooks are one of the leading causes of car-bicycle crashes (tinyurl.com/HRhook).

Right hooks can also happen when a driver pulls into a parallel parking space without checking for bikes. This has happened to me when I was biking south on Route 116 and a car which had been slightly ahead of me and to my left pulled into one of the spots in front of Hinesburg Town Hall. Luckily I was able to stop in time and didn't collide with the car. In addition to the

spaces in front of Town Hall, Hinesburg now also has parallel parking spaces on 116 in front of Kinney Drugs, and also on Farmall Drive. All of these are potential parallel parking right-hook locations.

Another area of concern in Hinesburg is the intersection of Silver Street and 116. Cars driving south on 116 who turn right onto Silver Street must yield to cyclists who are staying on 116, and

**...the cyclist has the right-of-way since they are going straight...**

pedestrians who may be crossing the top of Silver Street. School and Town officials are particularly concerned about pedestrians being "right hooked" while using the soon-to-be-built sidewalk and crosswalk which will cross Silver Street Let's all keep right hooks in mind when using this intersection.

Right hooks happen either because the drivers fails to see the cyclist, or because the drivers see the cyclist but thinks they have enough time to turn in front of the cyclist. There are two ways to avoid a collision: the driver can

the State Wetland Program has reclassified Lot 15. It was a presumed Class II wetland; the State has declared it a Class III wetland. No permits are required for building on Class III wetlands. RGH is appealing this decision, arguing that this wetland filters and detains stormwater, helps re-charge the aquifer that is part of the Hinesburg Water System, and sends clean water to Patrick Brook and on to the LaPlatte River. The wetland also has aesthetic and recreational value, as anyone who uses the sidewalk along the canal knows.

Both Hannaford and RGH have filed appeals, with Hannaford appealing the various conditions the DRB attached to the 2012 approval and RGH appealing that approval, as well as the recent stormwater permit and wetland reclassification issued by the State. These appeals will be heard in Environmental Court, where Judge Durkin will hear the case de novo, meaning that instead of relying on previous decisions, he will weigh the evidence to make his ruling. It is possible that either side may appeal decisions to the Vermont Supreme Court.

While it may be difficult to stay tuned in to an issue that has been unresolved for three and a half years, it is important to stay involved. We in RGH think that this store would result in negative changes to our community, bringing greatly increased traffic, causing serious stormwater problems, and making the canal park no longer appealing as a place to walk, bike, or sit on a bench for a quiet lunch. If you agree and would like to stay informed through our newsletter, contact me by email to be added to the list of subscribers.

spot the cyclist and allow the cyclist to pass before turning right (or pulling into a parking space), or the cyclist can spot the impending collision and come to a stop, allowing the car to turn right in front of them. The cyclist is not required to stop—the cyclist has the right-of-way since they are going straight. But of course, avoiding a collision is more important than being right.

Here are some tips for both drivers and cyclist, to hopefully avoid right-hooks in the future:

### Tips for Drivers:

- Use your turn signals. In addition to being legally required, turn signals alert cyclists, pedestrians, and other drivers to your intentions.

- Before turning right (or pulling into a parallel parking space), look to your right, in your mirrors, and physically turn and look in your blind spot for cyclists.

- If you see a cyclist, don't assume you have time to turn in front of them. It is easy to underestimate the speed of a cyclist. Let the cyclist go straight and then turn behind them.

- If you are stopped at a red light, and plan on turning right, check for cyclists stopped beside you, before you turn right. The cyclist has the right-of-way to continue straight.

## Net Zero Energy Home Subject of Talk on May 24

BY CARRIE FENN

Interested in home energy efficiency? The Hinesburg Energy Committee is presenting a talk on Net Zero Energy Homes on Saturday, May 24, at 10:30 a.m. at the Hinesburg Town Hall. The speaker is Li Ling Young, a senior consultant at Efficiency Vermont, who will speak about this year's pilot program to support Zero Energy Homes. A Net Zero Energy Home is one that generates as much renewable energy as it uses. Existing homes can become Zero Energy Homes with recent innovations in heating systems and cost competitive renewable energy options. For many homes, investing in radical efficiency and a renewable energy system is the most economical way to operate the home. If you have been waiting for a chance to do something about your home energy use, the time is now. Take advantage of Efficiency Vermont's expertise to make your home what all homes should be: gracious guests on planet Earth.

### Tips for Cyclists:

- When approaching an intersection where cars are likely to turn right, consider moving farther left into the lane. This makes it easier for drivers to spot you, and encourages drivers to turn behind you rather than ahead of you. Cyclists can legally "take the lane" (ride in the lane of traffic) for safety reasons.

- Watch for car turn signals when approaching an intersection, and especially when stopped alongside cars at a red light or stop sign.

- Be as visible as possible, with bright clothing, lights, and reflectors.

To view a video with useful information regarding right hooks, especially if you are having trouble visualizing the situation, go to [vimeo.com/74851821](http://vimeo.com/74851821). Although Hinesburg does not yet have any actual bike lanes, much of the information is useful and can also be applied in situations without bike lanes.

## Volunteers Making a Difference in our Community

BY JEAN ISHAM, HBPA

When residents of Hinesburg discuss transportation issues, the first name that comes to mind is Karla Munson. Her volunteer efforts have been the face of transportation here for some time.

Karla joined the Village Steering Committee in 2005. One of the goals of the Committee was to look into ways that would make the Village and the Town a better place. At that time Karla lived just off Route 116. Whenever she sat down to her computer she could observe the traffic. Karla saw the Addison County Transit Resources (ACTR) buses, the Special Services Transportation Association (SSTA) buses and the On The Go bus go by, and none of them looked like they were full. Her first step was to contact Jim Moulton, Executive Director of ACTR. That service was taking specific persons to appointments like dialysis treatments.

The suggestion was made to conduct a survey to see what the interest was and what the needs were. Karla's next contacted Murray Benner, Director of SSTA, and area churches to see what kind of services they were providing. The information gathered was the basis for developing and distributing a survey to the community.

From this survey it was determined that there were three categories of need: transportation for seniors, carpooling opportunities and general bus service (jobs, appointments, shopping).

The next step was a meeting held in December of 2006 with about 30 people in attendance including representatives of agencies needing these services and businesses, such as the Hinesburg business Renewable NRG Systems. Using a State of Vermont United We Ride grant, Hinesburg Rides was formed in 2007 with a volunteer driver program. Karla notes that in March of 2008, Andrea Morgante had the distinction of being the first person to use Hinesburg Rides.

Members of the Hinesburg Rides Committee are Karla Munson, Alex Weinhaugen, Stewart Pierson, Edward Sengle, Bruce Wheeler, Sheila Dodd, Jennifer Proulx and Marian Willmott. Original volunteer drivers were David and Carrie Fenn, Stewart and Julie Pierson, Edward and Susanne McGuire and George and Karla Munson. SSTA supports this program by doing background checks, dispatching and the administrative work.

Hinesburg Rides also joined the Elders and Disabled group through the Chittenden County Transportation Agency (CCTA) which provides rides to anyone 60 and over or who is disabled. This program is supported with 80% federal funds and a 20% local match. The services provided by the volunteer drivers are counted as an in kind match toward the local match.

Other rides are paid for through donations. Hinesburg Rides is part of the Hinesburg Community Resource Center (HCRC), which is a nonprofit organization. Donations to the HCRC for the Hinesburg Rides program are greatly appreciated and are tax deductible. They may be sent, with a notation "for Hinesburg Rides," to the HCRC, PO Box 444, Hinesburg, Vermont 05461.

Karla emphasizes that there is a great group of volunteer drivers. Through her participation as a driver she has met a lot of interesting people and finds it a rewarding experience to help out the community.

Karla's next effort was to try to get people out of their cars and into other modes of transportation. One means

Volunteer Karla Munson

of accomplishing this involved establishing a data base for carpooling. A Transportation Action Grant received through the Chittenden County Municipal Planning Organization (CCMPO) made possible the hiring of a consultant to develop a more formal web site to facilitate carpooling. At that time a new logo for Hinesburg Rides was introduced and brochures were printed. Its web site, [hinesburgrides.org](http://hinesburgrides.org), has a link to the State of Vermont web site which provides even more opportunities for carpooling. In addition, Hinesburg Rides always participates in the Way to Go Week.

The ultimate goal of Karla and the Hinesburg Rides Committee was to establish bus service for Hinesburg. Local employer Renewable NRG Systems was a big proponent of this project. Working with CCTA and ACTR the Route 116 commuter bus service became a reality April 23, 2012. A three-year grant received through the State of Vermont helped to finance this endeavor through April of 2015, and thereafter, the State will hopefully continue to fund 80% of the costs. Renewable NRG Systems paid the 20% capital match required for purchasing the buses. This service has been very successful. It currently averages approximately 50 riders per day. Goals include increasing the number of riders, developing the ability to expand the service to Williston and adding additional times, particularly a mid-day route.

At a recent Hinesburg Business and Professional Association meeting, the participants from other transportation groups had high praise for Karla's work. The model that Karla created for Hinesburg Rides is now being duplicated in other parts of the State.

The Hinesburg community owes a big THANK YOU to Karla for her leadership in the area of transportation for our Town. Karla is another great example of a volunteer making a difference in our community.

# HomeShare Vermont Spotlights Local Volunteer

**J**ulie Burger Pierson is an enthusiastic, live-wire of a 70-something woman with the right combination of great “people skills,” professional human service experience, new ideas and devotion that makes things happen at HomeShare Vermont. Julie was a newly-retired social worker when she and her husband retired to the Burlington area from out of state in 1998. Having volunteered all her adult life, she was naturally looking for volunteer opportunities in Vermont. Hoping to engage her clinical skills and simply have the pleasure of giving back to the community, HomeShare Vermont appeared to meet her expectations perfectly. “The organization and group of colleagues offered a challenging and fulfilling experience like none other,” according to Julie.

For the past 15 years, Julie has given five to ten hours a week interviewing seniors and others in their homes, as well as potential homesharing candidates who might provide household

Julie Pierson

help or rent in exchange for a place to live. Being a Staff Volunteer at HomeShare has enabled Julie to utilize professional social work skills “without all the paperwork.” Staff volunteers work directly with clients—both those sharing their homes and those looking for housing—interviewing, introducing potential matches and providing ongoing support throughout the entire process. As a small non-profit, the volunteer component makes it possible for HomeShare Vermont to provide its services.

**J**ulie also serves on HomeShare Vermont's board of directors and although her least favorite task is fundraising, she does it with gusto because she knows it's important for the organization. Her boundless energy for volunteering is also shared with Habitat for Humanity, Hinesburg's Affordable Housing Committee, and her church. For Julie, it's about giving back. She feels fortunate and this motivates her to give back to the world in a variety of ways.

After fifteen years, she continues to think critically about how to best provide home sharing services and make good home sharing matches. Although she's not a paid staff person, her skills and input are priceless at HomeShare Vermont.

HomeShare Vermont is a non-profit organization that matches people who are looking for housing with those who have homes to share in exchange for rental income and/or household assistance. HomeShare Vermont currently serves Grand Isle, Chittenden, and Addison counties and is a member agency of the United Way of Chittenden County. For more information, please call 863-5625 or visit [www.HomeShareVermont.org](http://www.HomeShareVermont.org).

# Legislature

# Hinesburg Influences Successful First-in-the-Nation GMO Food Labeling Legislation

On the steps of the Vermont Statehouse, in front of an enthusiastic crowd of GMO food labeling grassroots activists, Governor Peter Shumlin signed Vermont's historic, first-in-the-nation GMO food labeling bill.

Governor Shumlin introduced Senator David Zuckerman as a featured speaker at the GMO bill signing, recognizing David for his successful advocacy in the Statehouse resulting in the historic GMO food labeling legislation. With final passage by the Vermont Senate, and the bill signing by Governor Shumlin, Vermont becomes the first state to create and implement GMO food labeling legislation without waiting for other states to first join in the effort.

As organic farmers, David Zucker-  
man and Rachel Nevitt, of Hineburg's  
Full Moon Farm, have been longtime  
community advocates for GMO food  
labeling. Over many years, David led

the successful legislative GMO food labeling efforts inside of the Vermont Statehouse while serving as chair of the House Agriculture Committee and now as Vice Chair of the Senate Agriculture Committee. Hinesburg Rep. Bill Lippert, Chair of the House Judiciary Committee, was recognized for his leadership of the House Judiciary Committee's legal analysis of the GMO bill following the House Agriculture Committee's 2013 passage of the GMO bill.

Vermont's GMO food labeling bill anticipates a legal challenge from corporate opponents of GMO food labeling by setting up a legal defense fund. The state will appropriate excess funds from other successful settlements from the Vermont Attorney General. The legal defense fund, the Vermont Food Fight Fund, will be able to receive private contributions as well at: [www.foodfight-fundvt.org](http://www.foodfight-fundvt.org).

*Photo taken on the steps of the Vermont Statehouse where Governor Shumlin signed Vermont's historic, first-in-the-nation GMO food labeling bill. Left to right: Rachel Nevitt & Senator David Zuckerman, organic farmers of Hinesburg's Full Moon Farm, and Hinesburg Rep. Bill Lippert.*

## Chief's Corner

BY CHIEF FRANK KOSS,  
HINESBURG COMMUNITY POLICE

Hinesburg had a shooting. We made the newspaper and television news reports, usually the province of the larger communities around us. This shooting was not about drugs or the usual reasons which often involve alcohol. This was a very sad situation and the reasoning behind it may go undetermined. This is a long-time family living here and never on the police radar. Our sympathies go out to the family.

With a month like we have had, I reflect on the relationship our police department has with the Hinesburg Fire Department and First Response. Nowhere that I have ever been a police officer, whether the fire department has been career or volunteer, has there been such a level of cooperation and dependence. With the police medically trained—allowing less dependence on volunteers during the day—and multiple fire department volunteers at police scenes allowing officers to focus on the incident, it is a perfect relationship. I try never to take this for granted and it is my hope that the Hinesburg residents do the same.

### Drug Take Back

The Hinesburg Community Police completed our drug take back with a total of 68.8 pounds collected and 1403.5 pounds total for the county. Thanks to all of you who participated.

### Fraud Advice

Thieves are unbelievably creative in trying to have you part with your money. They are adaptive to changes in public awareness and come up with new scams before the public can be notified. Craigslist and Money Grams have given them previously unheard of methods to get money. More than ever, "if it's too good to be true, it probably is." A big scam is the time sensitive method where a grandchild has been arrested in Canada or a friend is in desperate need of money. There is nothing so time sensitive that you cannot call the Hinesburg Police and have us check it out. This is a major community service we can provide ANYTIME you are asked to send money.

## Incidents

HPD INCIDENT COUNTS BY CATEGORY, APRIL 2014

Graph prepared by Doug Olufsen

### Motor Vehicle Accident

On April 2, Hinesburg Police, Hinesburg Fire and First Response responded to a one vehicle accident on Silver St. near Coyote Ridge. The male driver was able to crawl out of the vehicle that was on its roof. While members back boarded the patient, others set up the portable heater to keep the patient warm until the arrival of St. Michaels Ambulance. Well-coordinated job by all.

### Agency Assist

On April 2, South Burlington Police came to Hinesburg to investigate the theft of a gun from a firearms dealer. The suspects were juveniles and with the assistance of the Hinesburg officer, the gun was recovered the next day and the juvenile cited into court.

### Family Fight

On April 5, an on duty and two off duty officers responded to Birchwood Ln. for a family fight between mother and daughter. The exact details of the confrontation were undetermined but neither party wanted any law enforcement action. A civil standby was conducted until the daughter left the residence.

### Motor Vehicle Accident

On April 7, Hinesburg Police and Hines-

burg Fire and First Response responded to a four vehicle accident on Vermont Route 116 at NRG. A school bus south-bound turned on its red lights to pick up a student and the vehicle behind failed to see the bus and stopped traffic. That vehicle hit the vehicle ahead which then hit two other vehicles.

### Criminally Suspended License

On April 8, officers were responding to a business at the south end of town for a suspicious vehicle. While en route, one officer radioed the other officer to advise the vehicle was heading towards him at a high rate of speed. The officer turned on the vehicle and it appeared the vehicle attempted to lose the officer by turning off the road. The operator, Collin Hellmuth, 21 years old of Stark-boro was arrested and transported to the station for processing. He was released on a citation to appear in court.

### Juvenile Problem

On April 10, Hinesburg Police were notified that a CVU student was overheard on a school bus saying that he was bringing a firearm to school. The school coordinated to intercept the student prior to getting back on the school bus but questioning of the student determined that the threat was not credible.

### Suicidal Subject

On April 12 at 3:18 a.m., police and fire were called out for a reported suicidal subject. His residence was checked and when he was not located, a multi-agency search was conducted which included a canine. The subject was subsequently located on Vermont Route 116 with no problems identified.

### Criminally Suspended License-Drugs

On April 14, an officer made an enforcement stop on a vehicle for speeding. After the stop, it was determined that Rachael Cormicle, 28 years old of Bolton, operator's license was criminally suspended. The officer also ob-

► Police,  
continued from page 5

served numerous hypodermic needles strewn throughout the vehicle. Based on a consent search, Cormicle was also charged with possession of heroin.

One of the occupational hazards of being a police officer is not just on the road. During the vehicle search, an officer was stuck by a needle. Although the female consented to a blood test, there is no way to tell who else might have used the needle. The officer will need to undergo several blood tests over a period of time as well as medication for the possibility of an infectious disease.

### Counterfeit Money

A local business was just notified that a bank deposit contained two \$20 dollar bills that were counterfeit. Although good copies, they can be recognized as counterfeit by using common security practices. This is a good time to remind employees to keep a watch out for this type of fraud.

### Shooting

On April 24, Shelburne Dispatch Center received a 911 call indicating a female had been shot. Hinesburg Community Police responded and were assisted Shelburne PD, Williston PD and the Vermont State Police. Upon arrival it was determined that a 44 year old female had been shot in the hand and chest. The victim and two other females were removed from the house and a male suspect was taken into custody without incident.

Kenneth Clark, 71 years old of Hinesburg, and the father of the victim, was arrested and lodged at the Chittenden County Correctional Center. The female victim was treated and subsequently released. The wound to the chest was only superficial having being deflected by her hand.

### Family Fight

On April 25, officers responded to Hollow Rd. for a reported family fight. The wife and son left the residence and the father was transported to a friend's house for the night.

### Driving Under the Influence of Alcohol

On April 26, an officer responded to a report of a vehicle revving its engine. The officer found a vehicle that was stuck in a ditch. Amy Gendreau, 44 years old of Vergennes, was determined to be under the influence of alcohol. She was arrested and taken to the station for processing. She was subsequently refused by ACT 1 and was taken to the Chittenden County Correctional Center.

### Agency Assist

On Monday, May 5, officers responded to Dubois Corners to assist Shelburne PD with someone attempting to sell a stolen road culvert. Despite not having a vehicle description, not all crimes require the fine honed skills of a detective. Traveling southbound on Vermont Route 116 was a Volvo Station Wagon. The law enforcement keen power of observation coupled with excellent deductive reasoning was utilized and an enforcement stop was conducted on the vehicle. The driver was subsequently arrested by Shelburne PD for theft.

# Fire

BY ERIC SPIVAK

HFD responded to 34 calls in April.

### Chicken Barbeque Postponed

Each year, the members of the Hinesburg Firemen's Association have had lengthy and serious discussions about the annual July 4th chicken barbeque. Should we do it again this year? Do we have enough help? Does the attendance support all the work involved? If we did not have the barbeque on the 4th, what, if anything, would we do in its place?

This year was no exception. At our April business meeting, the July 4th barbeque was discussed. Once again, should we or should we not hold the annual event. If not, then what should take its place?

Many factors went into our decision. Hinesburg is a growing community with younger families moving here from in and out of state. This includes members of the department. Many

take vacation to return home and spend the 4th with family. With the 4th on a Friday this year, it means a long weekend or extra day for vacation.

With our own members going out of town to visit family, there are fewer members to do the work. Station cleaning and setup starts over a week in advance. On the 4th, our day starts around 7:00 a.m. with setting up tables, chairs and decorations in the apparatus bays. We break for the parade, have a very short rest, and by 12:30 p.m. are back at work starting the grills and preparing food. We spend the rest of the day working, with final cleanup completed just in time to perform fire standby at the fireworks.

We are also finding competition for attendees with our neighboring towns. Bristol, Williston and Richmond are among the towns holding all day celebrations. These include family and children activities, parades, and chicken barbeques. With more choices, attendance has dwindled.

Are we cancelling the barbeque entirely? Absolutely not. Plans are already in the works for an open house with demonstrations and a chicken barbeque on Saturday, September 6.

The Hinesburg Firemen's Association thanks everyone for your understanding and continued support of the department.

Be sure to visit our website [hinesburgfd.org](http://hinesburgfd.org)

### Basement Fire

At 11:23 a.m. on April 24, Hinesburg Fire was dispatched to 534 Fletcher Farm Rd. for a report of a basement fire. The fire was discovered by the chimney sweep who arrived to clean the wood stove.

The first arriving firefighters found heavy smoke conditions in the basement. Entry was made and the fire was located near the wood stove. During overhaul, and making sure the fire was completely out, it was found that the fire had extended up a wall. As the fire reached the ceiling, it caused a plastic water pipe to melt. The water flow from the leak helped keep the fire from

# Recreation

spreading until HFD arrived.

The cause was found to be logs which the homeowner had taken out of the stove and placed on the cement floor in anticipation of the arrival of the chimney sweep. The logs did not appear to have burned prior to being removed from the stove.

Three apparatus and nine firefighters were on scene for about an hour. The fire was contained to the basement area near the stove, with some smoke throughout the residence.

## Electrical Fire

Shelburne Dispatch received a 911 call at 8:00 a.m. Sunday, April 27, reporting an electrical fire at 3114 Lincoln Hill. Hinesburg Fire was dispatched. The initial report was the fire was out and the family was evacuating the premises.

Chief Koss was on duty for Hinesburg Community Police. He was the first to arrive on scene. Chief Koss reported everyone was out of the home. The fire was not out and was confined to a crawl space.

First arriving members donned their protective equipment and self-contained breathing apparatus and made entry. The hose was extended to the opening for the crawl space. Firefighters carefully proceeded into the space, spraying foam to contain and extinguish the fire. Once the fire was out, and the building cleared of smoke, firefighters opened sections of the floor checking for extension.

The fire was caused by an overloaded electrical system.

Two engines, a tanker and 10 firefighters were on scene for just over an hour. Vermont Electric Coop turned the power off to the home, and the owner was instructed to contact an electrician. The Red Cross was called to assist the family with housing.

BY JENNIFER MCCUIN

## Looking Ahead to the Fourth of July

Theme: Beach Party

The parade begins at 11:00 a.m. Parade participants line up at the bottom of Buck Hill Road West at 10:00 a.m.

Fireworks are at dusk behind Hinesburg Community School. More details to follow...

## Hart and Mead Concerts in the Park

Concerts start at 6:30 p.m. behind the Hinesburg Community School. Rain dates are on Thursdays. Hope to see you there!

# Business

## HBPA Hears About Transportation Options

BY JEAN ISHAM, HBPA

At the Hinesburg Business and Professional Association (HBPA) April 15 meeting, members were heard presentations by representatives of area transportation resources. The presenters were Karla Munson of Hinesburg Rides, Hinesburg Resource Center (HCRC) Coordinator Laura Hoopes, Campus Area Transportation Management Associates Executive Director Sandy Thibault and Project Coordinator Brendon Atwood, and Alyson Platzer of Neighbor Rides.

The takeaway from these presentations was a broader knowledge of the many options available to get to and from work, appointments, college and other activities. In addition, information was provided about the other resources available through HCRC such as the Food Shelf, Emergency Funds, Friends of Family, etc.

If you are an employer desiring to assist employees with transportation needs or attract employees because of transportation availability, or you are an individual with transportation challenges or a desire to save money on transportation, I urge you to check out

the following resources:

In Hinesburg – contact Laura Hoopes, Coordinator of the Hinesburg Resource Center at 802-482-4946 or Karla Munson, Hinesburg Rides, at 802-482-2778 or karlamunson@hinesburgrides.org.

GO! Chittenden County – “a new initiative to help commuters and employers make getting to work easier, more cost efficient, and more fun. Whether you need to address parking issues, reduce your carbon footprint or save your employees money while getting them to work on time, we can help you create an easy-to-implement, multimodal program that meets your specific needs.” For more information contact info@gochittendencounty.org or call 800-685-7433.

Neighbor Rides of Chittenden County. Neighbor Rides is a strategic initiative of United Way of Chittenden County and community partners that utilizes volunteer drivers to help meet the transportation needs of seniors and persons with disabilities. For more information contact Alyson Platzer at alyson@unitedwaycc.org or at 802-861-7833.

Campus Area Transportation Management Associates – working with the University of Vermont, Fletcher Allen Health Care and others to assist employees with transportation challenges. Some employers do subsidize rides for their employees. For more information contact Sandy Thibault at 802-656-7433.

**Advertising and news deadline is June 7 for the next issue. Publication date is June 26, 2014. Call 482-2540 for more information. Material not received by deadline will be considered for next issue.**

### Youth Golf Lessons at Cedar Knoll

PGA Golf Instructor Barry Churchill instructs this one-week program designed to show kids the various shots they need to know to play a round of golf, as well as golf etiquette. Clubs can be provided for lessons. Come give this life long sport a try, right in our own backyard! Cedar Knoll is located on Route 116, just south of the village.

Who: Kids ages seven to fourteen

When: June 23 through June 27

Where: Cedar Knoll Golf Course

Time: 9:00 a.m. to 11:00 a.m.

Cost: \$90

Maximum: Twelve participants

### Recreational Track and Field

This is an instructional program for youth ages 7 to 14. Athletes learn the basics of running, jumping, throwing, and relays. Once again, we partner with the Parisi Speed School, a program that improves athletic performance and increases confidence. Participants work with Parisi Speed School staff in addition to learning the basics. There will be two casual meets with local programs. Registration deadline is June 6.

Where: CVU Track

Dates: Mondays and Wednesdays, June 16-July 23

Times: 6:15 p.m. to 7:45 p.m.

Cost: \$45 includes team t-shirt

Hershey State Meet is July 12 at Essex High School and Vermont State Meet is July 26 at St. Johnsbury Academy.

### Chris's Art Camp

Join Chris Billis for a week of art projects galore this summer. Enjoy a wide variety of crafting options each day with the ability to make your own choices. Want to use that glue gun and create a sculpture with piles of cardboard? Want to start a beading project that doesn't have to fit into an hour-long after school time frame? The Camp offers plenty of time to delve into art projects that have multiples steps and phases and is a perfect way to spend summer days crafting.

Who: Children K through Grade Eight

When: July 14 through July 18

Where: Hinesburg Community School Art Room

Time: 9:00 a.m. to 3:00 p.m.

Cost: \$225

Please register with the Hinesburg Recreation Department at hinesburgrec@gmavt.net or at 482-2281 ext. 230.

### Learn to Sail at the Community Sailing Center on Lake Champlain

Campers will learn the basics of rigging, points of sail, sailing maneuvers, safety and recovery in a safe fun environment. Certified Instructors lead a variety of activities designed to promote comfort and independence in the boat. Come experience the lifelong enjoyment of sailing on beautiful Lake Champlain! Please wear a swimsuit; sandals/tevas, sunscreen, and bring a snack.

Who: 8 to 10 year old group and 11 to 14 year old group

When: June 30-July 2 (3 day camp)

Time: 1:00 p.m. to 4:00 p.m.

Where: Community Sailing Center in Burlington. Located north of ECHO museum and Waterfront Park in Burlington.

Cost: \$108

Maximum: Ten participants

Register with the Hinesburg Recreation Department at 482-2281 ext. 230 or hinesburgrec@gmavt.net

### Tennis Lessons

Come spend the morning, enjoying tennis instruction on the Hinesburg Community School courts with Frank Babbott. Be sure to bring a hat or visor, water bottle, and wear sunscreen. Frank will go over the fundamentals of tennis,

as well as keep participants thoroughly entertained.

Who: 7 to 14 year olds.

When: July 7 through July 11\* 8:00 a.m. to 10:00 a.m. for 7 to 10 year olds and 10:00 a.m. to 12:00 p.m. for 11 to 14 year olds.

Where: Hinesburg Community School Tennis Courts

Cost: \$110

\*Monday through Thursday. Friday is a rain date.

Please register with the Hinesburg Recreation Department hinesburgrec@gmavt.net or call 482-2281 ext. 230.

### Vermont Premier Soccer Camp

Vermont Premier Soccer offers a half-day and a full day soccer summer camp program August 4-August 8 behind the Hinesburg Town Hall. The programs include age specific soccer training and games to help players improve in a fun and positive environment. The camp ends with a World Cup tournament for players to showcase their new and improved talents! All the camp's locally based coaching staff work with camp director, Iain Manson. We look forward to a great week of camp and lots of fun for all!

Half-Day Camp for ages 4 to 6 years meets from 9:00 a.m. to 12:00 p.m. and costs \$105.

Full Day Camp for ages 7 to 14 years meets from 9:00 a.m. to 3:00 p.m. and costs \$180.

Each camper receives a t-shirt.

To enroll, contact VT Premier Soccer at 857-5632 or at vermontpremiersoccer.com.

# We need writers and editors.

*The Hinesburg Record* is a true community project. Each month, our volunteer crew writes, edits, produces and distributes the *Record* for the good of the Hinesburg community. **You can help!**

We especially need people to edit copy, people to report on community happenings, and photographers. If you care about Hinesburg business, recreation, schools, arts, government, or organizations,

and want to help strengthen our community, why not join us? The time commitment is flexible. It's fun and rewarding, and we even get together for pizza now and then!

## We Deliver

Free delivery of materials is available to Hinesburg residents who find travel or physical access to the library building difficult. The library also circulates books and tapes to seniors on the third Friday of each month at the Seniors' Meal Site in the Osborne Hall behind the United Church of Hinesburg.

## Trustee Meetings

Carpenter-Carse Board of Trustees meetings are held on the fourth Wednesday of each month unless otherwise warned. All meetings are held at the library at 7:00 p.m. and are open to the public.

## Ongoing Library Programs

### Toddler Storytimes

Toddler storytimes are held on the first and third Tuesdays of the month from 9:30 - 10:00 a.m. Join Sara for age-appropriate stories, songs and games for children ages 0-3. Walk-ins are welcome.

### Preschool Storytimes

Kids ages 3-5 are invited to Preschool Story Time every Tuesday from 11:00 a.m. – noon. Come and enjoy stories, songs and a snack with Sara. No preregistration is required.

### Book Discussion Group

Avid readers may join our library's book club, which meets monthly in readers' homes. The next book discussion will be on Thursday, May 29, featuring the graphic novel *Fun Home: a Family Tragicomic* by Alison Bechdel. Readers will gather in June (date and place to be determined) to discuss *Five Days at Memorial: Life and Death in a Storm-Ravaged Hospital* by Pulitzer Prize winner Sheri Fink. Meetings begin at 7:00 p.m. and refreshments are served. Look for book club posters at the Hinesburg post office, town hall and library. For meeting location (not the library) and other information, please phone Carol at 482-3193 or Sue at 482-5095. New members are welcome!

## Special Events

### The Appalachian Trail – One Woman's Journey

Have you dreamed about hiking the Appalachian Trail? Need some encouragement or just want to hear one woman's tale of hiking 2,185.9 miles from Georgia to Maine's Mt. Katahdin? The Carpenter-Carse Library will offer this free event on Tuesday, June 10 at 7:00 p.m.

Join Deb Van Schaack, Mt. Abe high school counselor, as she brings to life her five month journey hiking alone as "Lady Grey", her chosen trail name. Leaving family, friends, students and her hometown community in Starks-

boro, she put one foot in front of the other and kept walking through snow, rain, wind and bugs, over endless rocks of every shape and size forging countless friendships along the way. She had set a personal goal to hike the AT, and time was running out as she was already 55 and not getting any younger. Bring your curiosity and questions for an engaging evening of Deb's stories and photos.

**Pajama Story Hour –  
Dance Party!**

Thursday, May 15: 6:00 – 7:00 p.m.

(Ages 2 and up with an adult)

Wear your pajamas and bring a stuffed animal friend. Together we will read great dancing stories and get a chance to boogie ourselves. Enjoy a snack with us too. Please join us! Pre-registration is requested, but not required. Call: 482-2878.

**Summer Reading  
Program (All Ages)**

Another great summer of reading is in the forecast! The Carpenter-Carse Library joins libraries across the state as they launch the 2014 Summer Reading Program with the theme "Fizz, Boom, Read!" In a co-

operative effort, librarians nationwide contributed to the summer program guide, resulting in lots of high-quality reading program materials and ideas. Over the past several months, library staff members Sara and Judy have been very busy using these tools and their own imaginations to create tons of summer fun.

Children of all ages can set a goal for the number of books they wish to read during the summer, and then record each title on a "Fizz, Boom, Read!" reading record as they finish each book. Pre-readers may record books read to them.

The reading program begins May 27 and runs through August 31. Registration begins Tuesday, May 27 at the library. When parents and children stop by the library to register, they will receive a reading record, stickers, and a bookmark. The children's reading accomplishments will be recognized in August when we have a special celebration at the library.

**Summer Reading Club (for ages 6 -12)**

Dream big and join the Summer Reading Club (to complement the S.R.P). Sara and Judy will host six weeks of active fun. This club will meet each Wednesday beginning June 25 from 10:30 – noon. Registration begins Tuesday, May 27, at the library. Space is limited and separate registration is required for each individual program

► **Pathways,  
continued from page 1**

- further promote opportunities for all students to explore and honor personal goals
- address a variety of learning styles and skills, and
- expand creativity in schools across the state.

So what exactly are flexible, or multiple, pathways? In the simplest of terms they are ways beyond the traditional classroom that a student might gain college and/or career readiness skills needed for post-graduation opportunities. These might include everything from taking college courses, earning credit for a work-based assignment or internship, or encouraging student-designed projects.

The Flexible Pathways Bill ensures that all students are able to experience more relevant, challenging, and rigorous programs of study that will meet their needs and ultimately lead to their future success. In addition the bill puts into place the requirement for all schools to implement a Personalized Learning Plan (PLP) program by the fall of 2015. This part of the bill will encourage students to be an integral part of their learning experience, with an increased emphasis on assisting students to set personal goals that are in alignment with both CVU's academic expectations and students' individual interests.

**Literary Quotes of the  
Month**

*"Hello, sun in my face. Hello you who made the morning and spread it over the fields... Watch, now, how I start the day in happiness, in kindness."*

– Mary Oliver

*"Tell me, what is it you plan to do with your one wild and precious life?"*

– Mary Oliver

At CVU, students have been exploring flexible pathways for many years—from dual enrollment to internships to the Graduation Challenge senior project, and more recently the GOAL (Go Out and Learn) program, which encourages students to design a learning opportunity beyond the classroom. So while this new bill will impact all high schools across the state, CVU is well poised to implement any changes.

At this time, the PLP process is still in the development phase and all schools, including CVU and the whole CSSU district, have been working toward identifying the most effective implementation process to meet the state's deadline.

CVU's graduation rate is approximately 96%. In 2013, 69% and 1% of graduates attended four-year and two-year higher education institutions, respectively.

## Young Writers Project

### *The End of the Path*

BY LYDIA MOREMAN,  
GRADE 10, CVU

Does it bother you?  
The way we drifted apart,  
Without a word or a goodbye?  
How our conversations now depend  
On whether or not you have a friend in the class  
That you can talk to instead of me?  
Does it bother you how we don't acknowledge each other in the hall,  
Moving in opposite directions with our newfound lives?  
Does it bother you how easily our friendship died?  
Do you remember?  
How we became friends?  
I don't, but you knew that,  
Because you know how bad my memory is.  
Do you remember all the times we played together?  
How I would go to your house, and you to mine,  
And we would waste hours on trivial games?  
How we got older together,  
And giggled long into the night,  
Not quite children, but not yet adults.  
Do you wish?  
That it ended differently?  
That we could name the reason behind the split,  
Instead of blaming it on distance and time away.  
Do you wish that the chasm between us was small enough to cross,  
To fix the broken ties?  
Do you wish that we were still friends?  
I do.

### *Do You Know?*

BY EMMA BERKOWITZ, GRADE 10, CVU

Dear Bully,  
I walk into class each and every day with a smile on my face, praying that yesterday was the last day of torture. If smiling and being friendly towards you offends you, please let me know because I will stop.  
You target me because you think I'm weak, but in truth I am too strong to let your words faze me. I'm secure enough to know that your words and your actions aren't a reflection of me.  
In a strange way, I feel badly for you. It is heartbreaking to know that you need to put me down to bring yourself up. I hope you never have to go through what I go through. I wouldn't wish it on anyone.  
I'm not as stupid as you believe I am. I am well aware of what is said about me, and what you try to do to me. My whole life I've struggled with this. Yes, I am socially awkward, maybe sometimes I talk too much. But what have I done to deserve being treated this way? There is so much more to me than my exte-

rior. Maybe if you gave me the time of day to get to know me, you'd realize I'm not who you think I am. I don't know if it's a lack of confidence within you – or what – that enables you to act the way you do. What I do know is that I wish you could find a hobby or something that gives you the joy you get from putting me down. Do you know that words hurt? You should think before you speak because those words could change someone's life forever.

### *About the Project*

Young Writers Project is an independent nonprofit that engages students to write, helps them improve and connects them with authentic audiences through the Newspaper Series (and [youngwritersproject.org](http://youngwritersproject.org)) and the Schools Project ([ywpschools.net](http://ywpschools.net)). Support: YWP is supported by this newspaper and foundations, businesses and individuals who recognize the power and value of writing. If you would like to donate to YWP, please go to [youngwritersproject.org/support](http://youngwritersproject.org/support).

## Local Bank Donates Books to HCS Library

Thank you to the National Bank of Middlebury for donating *Three Cups*, by Tony Townsley, to the Hinesburg Community School library.

This is the second year that the National Bank of Middlebury has donated books to the library that support students learning about money. Students will enjoy this new title that encourages them to give, save and spend money they earn.

## HCS VKAT Members Take Stand against Underage Drinking

As part of Alcohol Awareness Month in April, the HCS Vermont Kids Against Tobacco (VKAT) group participated in the county-wide Sticker Shock Campaign, co-sponsored by START (Stop Teen Alcohol Risk Team) and the Chittenden County Community Coalitions.

*Middle School students work hard to get the message out to adults that providing alcohol to minors carries serious financial and legal consequences.*

Youth participating in Sticker Shock coordinate with local stores to place stickers and window clings that display a warning message about the penalties for providing alcohol to anyone under 21 on beer cases, wine coolers and other multi-pack alcohol products.

Sticker Shock is meant to reduce underage drinking by limiting youth access to alcohol. The goal is to educate people 21 and over about the legal and financial consequences of providing alcohol to minors. As the sticker indicates, consequences include up to a \$10,000 fine and/or up to 5 years in prison if convicted of furnishing alcohol to minors.

By participating in this project, youth throughout the state and right here in Hinesburg are taking an active stand against underage drinking and its related problems.

## HCS Students Exhibit at State Science Fair

On Saturday, March 29th, four Hinesburg Community School seventh and eighth graders drove to Norwich University to compete in the State Science and Mathematics Fair.

Students who received a silver or gold medal at the HCS science fair in February were invited to attend, and four brave HCS students chose to compete: Grace Washburn (grade 7), Claire Smith (grade 7), Shea Dunlop (grade 8), and Carrie Drescher (grade 8).

Being invited to participate was both an honor and a commitment, as Norwich University is about an hour away and

students needed to be there and set up first thing in the morning. Then, they were required to stand by their project boards to defend and explain their experiment to the many judges from various organizations. It was a long morning, but the students did a wonderful job. Once judging was over, students were able to consume all they could eat at the college cafeteria.

An awards ceremony rounded off the day. Each student received a certificate and “report card” for their attendance. We are very proud of the hard work and dedication of all the students who attended.

Carrie Drescher explored the question “Are children in younger grades able to better identify physical features of the world or are they better able to identify famous people or logos?” in her project, featured here at Norwich University.

Shea Dunlop proudly displays her project, entitled “Uddlery Earth-Saving Acids,” at the state Science and Mathematics Fair.

# Awaiting New Friends at HNS

BY SUSAN DRIVER, HNS PARENT

First off, thank you to everyone for your Big Truck Day support! There will be more on this special day in the next issue.

We also hope you were able to enjoy the most recent StoryWalk on the Russell Hiking Trail. A few nursery school families enjoyed installing the book, *Mole Music*, by David McPhail, on a beautiful afternoon over April vacation. The StoryWalk Project was created by Anne Ferguson and developed in collaboration with the Vermont Bicycle & Pedestrian Coalition and the Kellogg-Hubbard Library.

At the time of this writing, children at HNS (and their teachers and parents) are eagerly watching the incubator and counting down the days until the duck eggs in the classroom hatch! The teachers and children have set up a brooder and have talked about how they will care for the ducklings.

Nursery school students have been learning about oviparous animals (animals that hatch from an egg) and comparing oviparous and non-oviparous animals. Books about ducks and other egg layers have been the focus for read-alouds and deviled eggs were made as a theme-based cooking activity.

Hinesburg Nursery School is a parent cooperative located in Hinesburg. We are a STARS rated preschool for children ages 3-5. For more information about our school call 482-3827 or visit us at [www.hinesburgnurseryschool.com](http://www.hinesburgnurseryschool.com).

Students play while learning letters at Hinesburg Nursery School. Photo by Jessica Abbott.

## NATURAL GAS PIPELINE SAFETY WHAT YOU NEED TO KNOW

Whether you are at home, at work, or in a public place, it's likely you are in an area served by natural gas pipelines. Like all forms of energy, natural gas must be handled properly. Despite an excellent safety record, a gas leak caused by damage to a pipeline may pose a hazard and has the potential to ignite. Natural gas pipelines are sometimes identified by signs that indicate their approximate location — but these signs should not be relied upon to indicate the exact position. As such, and because not all lines have signs, it is critical that you call **Dig Safe™ at 811** prior to any excavation.

### CALL BEFORE YOU DIG — IT'S THE LAW!

- The greatest risk to underground natural gas pipelines is accidental damage during excavation. Even minor damage such as a gouge, scrape or dent to a pipeline or its coating could cause a leak or failure. **Digging into a pipeline is the largest single cause of pipeline failures.**
- To protect pipelines and other underground facilities, the law requires that before starting to dig for any excavation, landscaping, construction or demolition project, on public or private property, the excavator must call **Dig Safe™ at 811 at least 48 hours in advance** (excluding weekends and holidays) to notify them of the work.
- Dig Safe™ will contact member utilities so they can mark the location of their underground facilities prior to any excavation. This service is provided at no cost to you.

### USE YOUR SENSES TO DETECT A GAS LEAK

- SMELL:** Natural gas is colorless and odorless. A distinctive, pungent odor, similar to rotten eggs, is added so that you will recognize it quickly.
- SIGHT:** You may see a white cloud, mist, fog, bubbles in standing water or blowing dust. You may also see vegetation that appears to be dead or dying for no apparent reason.
- SOUND:** You may hear an unusual noise like a roaring, hissing or whistling.

### WHAT YOU SHOULD DO IF YOU SUSPECT A LEAK

- MOVE** immediately to a safe location.
- CALL** Vermont Gas at 1-800-639-8081 immediately, with the exact location.
- DO NOT** smoke or operate electrical switches or appliances. These items may produce a spark that might ignite the gas or cause an explosion.
- DO NOT** assume someone else will report the condition.

## Hinesburg 4-H Club

BY TREVOR HOBBS,  
ADULT VOLUNTEER LEADER

Hinesburg 4-H Club members Hannah Cleveland, Caroline Hobbs, Corinna Hobbs, Eva Rocheleau, Claire Rocheleau and Cyrus Tyler have had a full calendar of events recently.

On April 26, the club hosted the State 4-H Sheep Quizbowl and Skill-a-thon at the Hinesburg Town Hall.

4-H youth from around the state met for the Skill-a-thon to study sheep anatomy, medicine injection techniques, wool fiber processing and uses, sheep handlers equipment, 4-H record preparation, and proper nutrition requirements to maintain a herd. Corinna, Cyrus and Caroline represented the club in the juniors' division of the Quizbowl.

On May 3, the club and several friends took part in Green Up Day. They worked to clean sections of Geprags Park and Shelburne Falls Road in Hinesburg, as well as areas in Richmond and Charlotte.

On May 10, the club attended the State 4-H Sheep Blocking and Fitting Clinic held at the Hensons' Farm in Hinesburg. Members received instruction in the proper techniques to hand shear wool and fit Tunis breed sheep for the show ring. After the clinic, members gathered for their monthly club project meeting. Members recounted their individual 4-H project work to date and updated record books to show their progress through the first six months of the fiscal year.

Vermont 4-H State Day was held in Barre on May 17. County Regional Day

blue ribbon recipients Hannah, Caroline and Corinna had advanced to the state level in (respectively) Stage Presentation (piano recital), Photography (color), and Photography (color). The members represented their club and themselves well in competition with dozens of other 4-H youths from across the state.

## Hearts for Hunger 5K

*Run for Hunger,  
Be the Change*

FROM PRESS RELEASE

The United Church of Hinesburg is hosting its second 5K and 1K Fun Run/Walk on May 31st to help fundraise for the Vermont Foodbank's Backpack Program. This nationally recognized program of Feeding America is designed to meet the needs of hungry children at times when other resources, like school breakfast and lunch, are not available, such as weekends and school vacations. For more information on the Foodbank's backpack program, visit [tinyurl.com/HRbackpack](http://tinyurl.com/HRbackpack).

The event will be held at CVU High School. Participants can register the day of the event, or can save \$2 by registering online at [tinyurl.com/HR5K-walk](http://tinyurl.com/HR5K-walk). Registration fees are \$14 (\$12 online) for adults, \$12 (\$10 online) for students age 12 to 21, and \$10 (\$8 online) for children 11 and under.

Race day registration begins at 7:00 a.m., the 1K run starts at 7:30 a.m., walkers start at 7:45 a.m., and the 5K run starts at 8:00 a.m.

Free t-shirts for those who fundraise \$100!

For more information, email [meagh-anemckenna@gmail.com](mailto:meagh-anemckenna@gmail.com).

Participants in the annual Vermont 4-H Sheep Quiz Bowl and Skill-A-Thon, April 26 in Hinesburg, pose with their 4-H club leaders and instructors. Back row (from left): Christa Cousineau, Orwell; Megan Watrous, Orwell; Kathleen Parent, Orwell; Max Crossman, Whitehall, N.Y.; Lindsey Fitzgerald, Colchester; Sharron Bigelow, Bristol; Marlene Duell, Hinesburg; Abhi Dodgson, South Hero; William Cousineau, Orwell.

Front row (seated): Corinna Hobbs, Hinesburg; Cyrus Tyler, Richmond; Caroline Hobbs, Hinesburg; Raymond Bushey, Addison; Alysha Chesser, Shrewsbury; and Willa Shakeshaft, Putnam Station, N.Y. Seated on floor: Jarrod Bushey, Addison (photo courtesy of UVM Extension 4-H)

Corinna Hobbs, Cyrus Tyler and Caroline Hobbs (center three) participate in the Sheep Quizbowl.

# Health & Safety

## Lyme Season is Here

BY JONATHAN HEDGES, UNIVERSITY  
OF VERMONT MEDICAL STUDENT

As the weather warms and community residents head outdoors, remember that most cases of Lyme disease happen during June through August. Here are some tips from the Vermont Department of Health and the Centers for Disease Control to prevent Lyme disease and to recognize early signs of the disease in order to receive prompt medical treatment.

### Prevention

- Perform thorough tick checks on yourself, others, and pets after being outside. Pay close attention to hair, behind the ears, arm pits, and behind the knees.
- Avoid brushy areas, woodlands, and long grasses as these often harbor ticks.
- Use tick repellents that contain DEET or permethrin if exposure to tick habitat is unavoidable.
- Remove any attached ticks promptly as a tick can't transmit Lyme unless it has been on for longer than 36 hours
- Shower within two hours after being exposed to tick habitat during the summer months to remove any tick nymphs.

### Early Symptoms of Lyme

- Erythema migrans – a red, expanding rash usually around the site of a tick bite. Often, but not always shaped like a “bull’s-eye.”
- Fever, chills, headache, joint pain within 30 days of a tick bite.

- These symptoms or erythema migrans from June through August even without a known tick bite should prompt medical attention. Tick nymphs are most active during the summer and often go unnoticed due to their small size.

Lyme is easily treatable with antibiotics, particularly if caught early, so see your doctor if you think you might have symptoms of Lyme.

This information and more can be found at [cdc.gov/lyme](http://cdc.gov/lyme) and at [tinyurl.com/HRLyme](http://tinyurl.com/HRLyme).

## The Yoga Attitude Cleanse (Part 2):

BY LAURA WISNIEWSKI  
FOUNDER AND DIRECTOR OF  
BEECHER HILL YOGA

Now, as the natural world displays its beauty and abundance, it is the perfect time to practice mindfulness. The simple but challenging task of focusing our awareness can reap big positive changes: well-being, reduced stress response, stronger immune system, improved relationships, and many others. In this article, we'll continue to explore Yoga guidelines for mindful living...

Last month we looked at the yamas, guidelines for how we behave toward others and toward our world. This month, we look inward with the niyamas. The niyamas are guidelines for how we relate to ourselves – body and mind.

The niyama of ‘cleanliness’ goes beyond personal hygiene. It calls on me

► Yoga Attitude,  
continued from page 14

to keep my internal body clean through 'clean' food, adequate hydration, moderate food portions, season-appropriate food choices and preparation, and of course asana (Yoga posture) practice and pranayama (Yoga breathing.) That's the easy part. Western neuroscience has documented the critical relationship between our thoughts and our health. The niyama of 'cleanliness' also applies to my thoughts and attitudes, to what I read, listen to, watch, etc.

The niyama of 'contentment' asks me to accept things as they are. When I practice this niyama, I am pulled strongly away from my judgments and illusions and into my 'here and now.' With this practice, I am freed from the suffering that comes from comparing my reality to my desired outcomes. I can learn from 'what is' and enjoy what is good in my present circumstances. Meditation can help me find my way toward 'contentment.'

The niyama of 'heat' guides me to keep my body fit and healthy, to keep my internal 'fires' burning hot. I can create this heat through vigorous exercise and asana practice, proper postural alignment, regular breath practice and healthy diet that is appropriate for my individual constitution. To create this physical glow, I must be tuned in to when I am hungry, when I need to move, when I need to rest, how I am standing in relation to gravity. Oh yeah, I must be mindful!

The niyama of 'self-reflection' is broad, including any study that helps me to learn more about myself. In reading this article, for instance, you are practicing 'self-reflection.' Studying sacred texts, journaling, and repeating a personal mantra during meditation are examples of this niyama.

The final niyama instructs me to 'surrender to the transcendent.' For some

people, this might mean the Divine or sacred. For others it can be the greater good. This niyama helps me realize that I am more than my ego and that I am part of a bigger whole. I can control my actions, but not necessarily their outcomes. This is a tough one. It requires consistent Yoga practice and focused awareness, especially when things are not going well.

It's hard to stay mindful! We spend so much time focused on the past, the future, other places, other people. So, naturally, the practice of the niyamas is not a quick fix; it's a lifelong endeavor. (To learn more, you may want to schedule a private session.)

## Drive Time— Safety Tips for Vermont Drivers

FROM PRESS RELEASE

### Watch Out for Vulnerable Users on the Road

Who are vulnerable users? They may be on skateboards, scooters, bicycles or on foot, in wheelchairs or working on the road. They lack the protection we have inside our cars or trucks, but deserve to be as safe as we are. Here's how we can all help:

**Drivers:**

- Drive slowly, avoid distractions, and be alert for anyone standing, walking or biking as you leave your driveway and on the streets, especially at intersections and crosswalks, on road shoulders, around school zones and bus stops, coming out of driveways or from behind obstructions like parked cars.
- When passing a vulnerable user, slow down and leave at least 4 feet between you.

- When approaching an intersection or crosswalk, let vulnerable users go first, and always yield to them wherever they are. Use extra caution around children, the elderly and blind pedestrians.
- Never block the crosswalk.
- Check side mirrors for bikes before opening your car door.
- Don't honk at bicyclists, and remember that they have a right to use the travel lane.
- Don't stop to pick up hitchhikers on the highway or ramps.
- Never turn right on red when a red arrow or No Turn on Red sign is lit.

**Bicyclists:**

- Obey the rules of the road, including stop signs, traffic lights and proper signals before turning.
- Ride with traffic, in single file when vehicles are present and never more than two abreast.
- Be predictable, avoid weaving or sudden lane changes and yield to pedestrians.
- Wear a helmet, and use reflectors on your bike.

**Pedestrians:**

- Look both ways, then left again before crossing, and use crosswalks.
  - Always obey Walk and Don't Walk signals. When there is no signal, cross with the green light in your direction, but watch for turning vehicles.
  - When there are sidewalks, use them. When you must walk on the road, stay as far as possible to the left, facing traffic.
- All Vulnerable Users:**
- Try to avoid being out in poor weather conditions.
  - Pay attention, and avoid headphones, texting and cell phone calls.
  - Stay visible by using lights and wearing light, bright colors or reflective

## Green Mountain Bicycle Club Ride June 1

FROM PRESS RELEASE

The Green Mountain Bicycle Club (GMBC) will be leading a 35-mile ride and a 50-mile ride from Hinesburg to Bristol and back on June 1. Participants should meet at 9:15 a.m. at Clifford Lumber in Hinesburg. The leader for this ride is Sal DeFrancesco who can be reached at salnesp1@gmail.com or 363-0963.

This ride takes low traffic roads from Hinesburg to Bristol – where we'll stop at the bakery for sustenance for the return. The beauty of this ride is that virtually all the hills are in the beginning, allowing for a mellow return trip. The 50-mile version adds a loop through Bristol and some small hills.

For more information on this and other GMBC rides and activities, visit thegmbc.com. All riders with the GMBC must wear helmets and obey the rules of the road. Please do not ride two abreast if there is traffic in either direction. For mornings with questionable weather, please call the ride leader to make sure the ride is still taking place. Ride leaders are obligated to go to the starting point and provide maps but may choose not to ride if the weather is miserable. Riders below the age of 18 must be accompanied by a parent.

### Fallon/Fattahi Wedding

Sarah Mercer Fallon and Daniel Dadmehr Fattahi were joined in marriage on September 14, 2013, at the Basin Harbor Club. The Honorable Beth Robinson, Associate Justice of the Vermont Supreme Court, officiated a traditional ceremony at the wedding arch. The traditional ceremony was followed by a Persian ceremony at the sofreh aghd, or wedding table, prepared by the groom's family members. The Persian ceremony was officiated by Mohsen Arabzadeh, who traveled from Iran for the wedding.

The bride is the daughter of Joseph D. and Ellen Mercer Fallon. The groom is the son of David D. Fattahi of Waterbury, Connecticut, and Lida S. Fattahi of Woodbridge, Connecticut.

Laura Jagielski of Fort Lauderdale, Florida, was the maid of honor. Katherine Curtis of Falmouth, Massachusetts, and Chrysta Goto of Seattle, Washington, were bridesmaids. Brandon Davis of North Haven, Connecticut, was best man, and Michael Flynn of Monroe, Connecticut, and Anthony Nastri of Wethersfield, Connecticut, were groomsmen.

The bride graduated from Colby College and Boston College Law School. The groom graduated from the University of Connecticut and Sacred Heart University. The couple honeymooned in Hawaii and resides in South Windsor, Connecticut.

## Money-Saving Spring Cleaning

### Efficiency Vermont's Tips for Finding Hidden Energy Wasters

FROM PRESS RELEASE

Spring is right around the corner. Soon, folks all over Vermont will set aside a day for an old-fashioned spring cleaning. According to Efficiency Vermont, your spring cleaning efforts could earn you some money – and not just the coins found under the couch cushions.

“I’m talking about finding the hidden places where you’re wasting your energy dollars,” says Bridget Ashe, Customer Support Manager at Efficiency Vermont. “They’re easy to find while you’re scouring your home for cob webs and dust bunnies. Many fixes are simple and the savings really add up. You just have to know where to look.”

To cut your energy costs by getting better performance from your appliances, exhaust fans, and lights, Efficiency Vermont suggests looking here:

**Your Fridge:** Clean dust from under your refrigerator, the front vent at the base, and any exposed coils at the back.

**Your Clothes Dryer:** Clear lint from the exhaust hose.

**Kitchen and Bath Fans:** Dust bathroom ceiling fan covers and fan blades. Clean dust and grease from the kitchen stove hood and exhaust fan.

**Your electronics:** While you’re dusting your TV, computer, gaming equipment, and other home electronics, take a look at how they’re plugged in. You can stop overpaying to power these big energy

users (many draw electricity even when off) by plugging them into an advanced power strip, which automatically cuts electricity to any idle equipment you choose. Ask for one at your hardware store.

**Bathroom Ceiling:** Have mildew? That’s a sign of insufficient ventilation. If you have a bath fan, use it. If you need a fan, look for an ENERGY STAR qualified model. These fans are quiet and use little electricity. Be sure to vent bath fans to the outdoors, or you’ll risk creating a mold problem elsewhere in the house or attic.

**Your Lights:** While you are cleaning dust from your lamps and recessed lights, see what kind of bulbs you have. Replace incandescent light bulbs with CFLs or ENERGY STAR labeled LEDs and use about 75% less energy for lighting.

**Outside:** Take a look at any accessible exterior vents, such as for the clothes dryer, heating system, water heater,

Look at the big picture for greatest savings: Planning energy saving improvements? Before the busy construction season starts, now is a great time to talk to a contractor trained to help you find and fix causes of high energy bills, drafts, ice dams, and more. A Home Performance with ENERGY STAR contractor can do a whole-house assessment and make recommendations about money saving improvements within your budget. Rebates are available. To learn more and to find a contractor near you, visit [efficiencyvermont.com/homeperformance](http://efficiencyvermont.com/homeperformance).

## Vermont's Free Fishing Day is Saturday, June 14

FROM VT FISH AND WILDLIFE  
PRESS RELEASE

If you've been looking for a good excuse to give fishing a try, here it is! Saturday, June 14, is Vermont's open-water Free Fishing Day – the one day in the summer when residents and nonresidents may go fishing in the Green Mountain State without a fishing license.

Fishing is a quiet, relaxing way to enjoy Vermont's scenic outdoors with many accompanying benefits. You can release any fish you catch, or take home some very fresh fish for dinner.

Anglers in Vermont can try for brook, brown or rainbow trout, landlocked salmon, largemouth bass, smallmouth bass, yellow perch, walleye, and northern pike as well as other several other species.

At the same time, you will likely see several species of wildlife while fishing in Vermont. A bald eagle or osprey soaring overhead is an experience you will always remember. Whether you get out there alone, or take friends or family, a good day of fishing makes memories that will last a lifetime.

Vermont has 284 lakes and over 7,000 miles of clear streams offering the greatest variety of high quality fresh water fishing in the Northeast, according to the Vermont Fish & Wildlife Department. Finding a place to fish in Vermont is easy, but the department also hosts a special event especially for kids on Free Fishing Day in Grand Isle.

The "Grand Isle Fishing Festival" will be held from 9:00 a.m. to 3:00 p.m. on Free Fishing Day at the Ed Weed Fish Culture Station in Grand Isle. Designed for young anglers, this free event offers basic fishing instruction and the chance for kids to catch big trout in a pond next to the hatchery.

To find out more about Vermont's great fishing opportunities and to plan your fishing trip, contact the Vermont Fish & Wildlife Department at 802-828-1000 and

ask for a copy of the "Hunting, Fishing and Trapping Laws and Guide." E-mail [fwinformation@state.vt.us](mailto:fwinformation@state.vt.us) for any questions or discover more from the website at [vtfishandwildlife.com](http://vtfishandwildlife.com).

## Kids' Fishing Events Being Held This Spring

FROM VT FISH AND WILDLIFE  
PRESS RELEASE

Here's a great opportunity for young people to give fishing a try. The Vermont Fish and Wildlife Department has released a list of upcoming fishing events, most of them intended just for kids.

The department has a "Children's Fishing Program" which provides kids with the opportunity for a fun and successful fishing experience at locally organized fishing events. Organizers of these events often are charitable, community, or non-profit groups such as fire departments, fish and game clubs, Rotary, Lions, town recreation committees, 4-H clubs, and scouts.

Most kids' fishing events are open to the public, although they may be restricted to town residents or to a particular group of individuals. The Vermont Fish and Wildlife Department provides about 15,000 eight-to-ten inch trout for the program, with each event receiving 100 to 400 fish.

Kids' fishing events generally start in the spring and continue through June. A list of the events, which is periodically updated, can be seen at [tinyurl.com/HRfish](http://tinyurl.com/HRfish)

Vermont Fish and Wildlife also has a "Let's Go Fishing" Program where trained volunteers teach and encourage young people and their families

how to fish. The volunteer instructors teach fishing skills, how to use different types of tackle, the importance of good aquatic habitat, fishing ethics and fishing regulations. Clinics are planned throughout the state during the spring and summer months. Check your local newspapers and bait shops for clinics in your area. You can learn more about "Let's Go Fishing" on Fish & Wildlife's website under Fishing or Youth Pages.

1,700 on Route 2, and around 500 on Route 3. The route that Paul serviced originally included part of Charlotte but now is all in Hinesburg with the exception of a small portion of Monkton.

Paul said the job gave him an opportunity to be out traveling the roads in the community where the changing landscape offered many views, and he observed lots of different happenings in his travels. Every day was different. Paul said that the people he worked with over the years and customers he served were a bright spot for him. He regretted that his retirement came on so fast he didn't get a chance to interact with some of his customers to let them know he was retiring. Paul's replacement will be another current carrier, Jesse Beaucage.

Paul said he has always been involved with sports. All three of his children played sports so he did some coaching, including two years of coaching Junior Varsity soccer at Mt. Abraham Union High School.

A recently acquired hobby is home

brewing. His oldest son started brewing beer, has taken classes and is now qualified as a brew master. He introduced his father to the craft and Paul is finding it to be a lot of fun.

I asked Paul how he would fill his time now that he is retired. He said he had a lot of projects around the house to catch up on. Eventually, he said he would probably look for employment on a part-time basis that doesn't pull him away from his free time too much. Paul and his wife, Martha, enjoy traveling to Arizona to visit their son and the arrival of their first granddaughter on March 31, Jaelyn, will take up a lot of their time. In addition, both Paul and Martha do a lot of work with their Church, St. Ambrose Catholic Church in Bristol.

Paul and Martha are long time Monkton residents. Their oldest son, Derek, lives in Arizona, daughter Kerri, her husband Ben Potter, and infant daughter Jaelyn live in Bristol, as does their son, Ryan.

### Community Supper at Hinesburgh Public House to Benefit Neighbor Helping Neighbor

Contact: Megan Detweiler, 610-509-1455, [race4sundaes@gmail.com](mailto:race4sundaes@gmail.com)

Tuesday, June 3rd, 2014 at the Hinesburgh Public House, Rt. 116 in Hinesburg, there will be a special Community Supper to support Neighbor Helping Neighbor (NHN). The first Tuesday of each month, the Hinesburgh Public House opens its doors for a Community Supper in partnership with a local organization that is working to strengthen the community. It's an opportunity to gather together for a "locally sourced, four-course meal" with half the proceeds being donated to the charity. This month donations will go to support Huntington's Neighbor Helping Neighbor fund. The cost is \$20 a person, and the meal is offered throughout the evening from 5:00pm-9:00pm.

Neighbor Helping Neighbor provides confidential short-term monetary assistance for residents of the greater Huntington community and surrounding areas who are struggling with immediate financial crisis—such as the inability to pay for fuel, electricity, food or other essential basic needs—with locally-raised funds which are administered by the Pastor of the Community Church of Huntington, Larry Detweiler. Neighbors may contact him at [revdets@gmail.com](mailto:revdets@gmail.com) or at the parsonage 434-6715. Detweiler uses funds to pay stop service notices for electric or utility bills or to help purchase necessities for those in need who may include an elderly person with a fixed income, a single parent or families challenged with food insecurity. Over the years, Neighbor Helping Neighbor has helped hundreds of individuals ad-

ministering over \$50,000 over the last 20 years.

At this time of the year, the fund is critically low after helping folks with heating bills, electric and many needs during a hard winter. Donations to this fund can be made by checks payable to Community Church of Huntington and mailed to PO Box 24, Huntington, VT 05462. You may also donate online through an event website <http://huntingtonrace4sundaes.weebly.com/>.

In addition to the June 3rd Community Supper at Hinesburgh Public House, Huntington will host the Huntington Race 4 Sundaes 5K, 10K and 1 mile fun run to benefit Neighbor Helping Neighbor on Saturday, June 28. Online registration is now open at [huntingtonrace4sundaes.weebly.com](http://huntingtonrace4sundaes.weebly.com) and forms are also available at Beaudry's Store and the Huntington library. This annual event starts at the Community Church of Huntington in Huntington Center and courses along Main Rd and Camel's Hump Road. This year the 1mile race will start at 8:30am, and the 5K & 10K at 9:00am. Runners need to register by 8:20am, Saturday, 6/28.

Residents interested in registering for this year's race, becoming a sponsor, or making a donation to NHN may find information at: <http://huntingtonrace4sundaes.weebly.com/> or contact Holly Stadler (802-434-3935) or Megan Detweiler (610-509-1455) or at [race4sundaes@gmail.com](mailto:race4sundaes@gmail.com).

Please mark your calendars for Tuesday, June 3rd, and come out and join us at the Hinesburgh Public House, a place that offers our community "a place to gather, connect, and be with friends."

### Memorial Day Ecumenical Community Prayer Service

All are invited to attend a Memorial Day Community Ecumenical Prayer Service sponsored by the churches of Hinesburg on Monday, May 26, at 9:00 a.m. We will be meeting at the Veterans' Monuments on the village green on Route 116 next to the Good Times Café. The pastors of the community churches will lead us in prayer. This is a wonderful opportunity for all of us to gather as a community to show our gratitude to our service men and women living and dead and to ask God's blessing upon them and our nation. We also wish to honor those in our community who risk their lives in service to the community. An open invitation is extended to members of our Police Force, Volunteer Fire Department and First Response Unit to attend and be recognized for their faithful service to Hinesburg. Why not get into the true spirit of the Memorial Day weekend and join with friends and neighbors to honor all those who have contributed to our safety and welfare. We're hoping for a good turnout from a grateful and appreciative community.

HINESBURG BUSINESS AND PROFESSIONAL ASSOCIATION OFFERS FREE JOB SEARCH AND POSTING SERVICE

BY JEAN ISHAM, HBPA

The Hinesburg Business and Professional Association (HBPA) has added to

its web site space for area businesses to post employment openings and for area residents to post requests and/or resumes when seeking jobs. The service is free of charge to members and non-members. The Association encourages area businesses and job seekers to use the site. Expanded usage

will enhance the value of the site to the community.

To access this service simply go to the HBPA web site, [hinesburgbusiness.com](http://hinesburgbusiness.com), and click on the appropriate option: Seek A Job; Post A Job; Search Resumes; Post Resume. We think you will

find the application easy to use. If you do not have ready access to a computer, access may be available through your local library.

If you have any questions about this site or its use, contact Robert Stahl at [bstahl2@gmail.com](mailto:bstahl2@gmail.com) or at 482-3137.

## VOLUNTEER OPPORTUNITIES IN HINESBURG

### Make a Difference

**Hinesburg has always been a town of volunteers, stepping up whenever the call is put out for help. This column is a place for listing those needs.**

Do you need volunteers for a Hinesburg event or non-profit organization? Send us the information and we'll publish it here. The posting could be for continuing commitments or one-time events. Send any requests to [therecord@gmavt.net](mailto:therecord@gmavt.net). Use “volunteer need” as a subject line. Supply a brief description of the duties, requirements and times needed and we will add it to this list.

### Mentoring

Make a difference in the life of a child. Become a mentor at HCS. No tutoring involved, just being a buddy to a child who would benefit from adult friendship. And only one hour a week during the school year. Contact Ginny Roberts at [groberts@cssu.org](mailto:groberts@cssu.org) or **482-6271** for more information.

### Meals on Wheels

Help out local area residents who cannot easily get out of their homes. Become a Meals on Wheels driver. Routes take anywhere from an hour to an hour-and-a-half depending on the day. You need not commit to a weekly schedule. Call Jane Gage at **482-6096** for more information.

### Iroquois Soccer Club

The club accepts any level of volunteer participation and no special skills are required. Volunteer duties include repairing nets and lining fields, help with registration, or coaching three times a week during May and June. It helps to like soccer and kids! Contact Kevin Lewis at [kevinl@gardeners.com](mailto:kevinl@gardeners.com) or **482-4705** for more information.

### Visit a Senior

Hinesburg seniors need your help. Some seniors live alone with limited social contact and would love to share their gift of gab with you. Just an hour of your time can make a big difference in the life of one of the seniors in our town. CVAA is currently looking for volunteer visitors for two men in Hinesburg, one of whom would particularly enjoy a little male camaraderie. If you would be willing to help one of these seniors, contact Bev at **1-800-642-5119** for more information.

### Town Committees

Frequently there openings on town committees. Here are some of the recent ones.

- Affordable Housing Committee
- Agency Request Review Committee
- Conservation Commission
- Energy Committee
- Planning Commission
- Recreation Commission
- Town Forest Committee
- Village Steering Committee

Check the town web site: [hinesburg.org](http://hinesburg.org) for the most current committee openings, descriptions and instructions on how to apply. For more information contact Renae Marshall **482-2281 x227** or [rmarshall@hinesburg.org](mailto:rmarshall@hinesburg.org).

### The Hinesburg Record

Help publish your community newspaper which is produced by volunteers who write, edit and lay it out each month. The Record needs people to write and edit copy, take photos, and help with distribution and mailing. One-time or occasional submission of articles is more than welcome.

If you are interested contact us at [therecord@gmavt.net](mailto:therecord@gmavt.net).
